*This message is sent by the IAA Secretariat on behalf of Dave Sandberg, Chair of the IAA Insurance Regulation Committee.*

TO : IAA Member Associations and interested parties,

On behalf of the Insurance Regulation Committee (IRC), I am pleased to announce the publication of the first seven chapters of the IAA Risk Book produced by the IRC. These chapters have been approved by the IRC and reflect the contributions of, and reviews by, the members of the IRC and other interested parties. This project provides a professional, centralized way to converse about and build on the tools and processes needed for effective governance, management and regulation of insurance operations.

We are launching the IAA Risk Book on the IAA website. Please click on the link [IAA Risk Book](#) (or copy the URL: <http://www.actuaries.org/index.cfm?lang=EN&DSP=PUBLICATIONS&ACT=RISKBOOK> to your web browser) to read the published chapters.

The IRC is working on additional chapters which will be reviewed and discussed at the upcoming IRC meeting in Vancouver. We plan to publish this second wave of chapters by the end of this year.

In Vancouver, the IRC will also be discussing the ongoing maintenance and development of this web-based content and publicity for non-actuarial audiences. We look forward to your feedback on this project, including how work created by your members might be best coordinated with or complement this project.

This publication is set up to invite feedback and comments via e-mail. Feedback can occur in a multitude of ways. Individual authors can be reached as indicated at the end of each chapter. Feedback and comments for discussion purposes can be directed by e-mail to the Secretariat at [riskbookcomments@actuaries.org](mailto:riskbookcomments@actuaries.org). Suggestions or dialogue about the overall project can be directed to [Dave Sandberg \(Dave.Sandberg@allianzlife.com\)](mailto:Dave.Sandberg@allianzlife.com) and/or your delegate to the IRC.

*Signed : Dave Sandberg, Chair – Insurance Regulation Committee*
